## ABOUT ME

I am a **creator** in a broad sense, interested in improving and designing **modern and flawless user experiences**.

Passionate about **innovation**, I test myself everyday in different fields, providing the **best possible experiences** to users, visitors and players.

## WORK IN NUMBERS

80.000+ photos  
200+ posters  
50+ logotypes  
30+ websites  
20+ illustrations  
20+ projects  
20+ videos

Animations, bookmarks, stickers, business and smart-cards, icons, t-shirts, themes...

## PROJECTS

### ITMenu (2020 - Today)

An online menu's software for restaurants.

### SenzaParole (2016 - Today)

A digital Illustration series, exhibited in Pisa, Vittoria (RG), Livorno and Milano.

### WasteCopter (2019)

A drone web game (CAPTCHA-like) for neural network training to find garbage in the oceans (NASA Space Apps Challenge).

## INTERESTS

### Social & Political Activities

I was elected as representative in the Municipal Youth Council, the Provincial Consult (High-School) and the Degree Course Board (University).

### Technology & Innovation

I'm always updated with new trends in the tech world, and I keep exploring innovations both as user and creator.

## WORK EXPERIENCE

- Current** • **Freelance** </> ✂️ 📷 🎨
- Herberal 🎨
- 2020 • Comagri 🎨
